The INSPIRED COPD Outreach Program™

Implementing a Novel and Supportive Outreach Program of Individualized Care for Patients and Families Living with Respiratory Disease

If you have Chronic Obstructive Pulmonary Disease (COPD), the INSPIRED program can help:

- › Provide COPD information and support
- › Help you create a “COPD Action Plan” to manage flare-ups
- › Suggest programs and services that may help
- › Help you consider your goals of care and complete a Personal Directive document

The program includes:

- 1 to 4 visits in your home or at a nearby health care facility, whichever is easier for you
- Follow-up phone calls and visits, as needed
- A phone number for you to call with questions and concerns

Possible benefits:

- More confidence in managing your symptoms
- Less anxiety and stress
- Fewer Emergency Department visits and hospital admissions

You can become part of the INSPIRED program if all of the following apply:

- ☐ You have moderate to severe COPD
- ☐ Because of your COPD, in the past year:
 - › You were admitted to the hospital at least 1 time
- or
- › You visited an Emergency Department at least 2 times
- ☐ You do not live in long-term care
- ☐ You live in the service area

To learn more:

› Phone: 902-698-3417

If you are not eligible for the INSPIRED program:

- You may wish to take part in COPD Care and Education NS
 - › This program is for people with mild to moderate COPD
- To sign up for a virtual (online) “COPD and You” class:
 - › Visit: www.healthyns.ca
 - or
 - › Scan the QR code below, then scroll down to “COPD and You”, and click on “Register Online”
